

## Statewide Access to Databases

Arizona State Library, Archives and Public Records; Pima County Public Library; and Maricopa County Library District, with assistance from other county libraries, worked together to provide databases from EBSCO and OCLC to all Arizonans through their public and school libraries. These databases provide access to authoritative and authentic information from thousands of newspapers and journals as well as curriculum resources for students and teachers.

- Approximately 4.7 million searches were done in the 15 counties, an increase of about 20% over the previous federal fiscal year.
- About 2,984,186 documents were downloaded, an increase of more than 30% over the previous federal fiscal year.

### Usage by Database October 2009- June 2010
