Dear Legislative Member,

In my role as Secretary for the Arizona Historical Advisory Commission, I am happy to provide you with a copy of a recent letter the Commission sent to all towns, cities, counties and tribes. This letter and its attachments includes information you may need to answer questions from your district communities about the Commission's Centennial work.

The Commission hopes that all public officials will include the Centennial in their planning and policy development over the next five years. The result of those efforts will be a Centennial year filled with a statewide series of fun, historical, and special commemorations that will provide newcomers to Arizona with information about our state. The variety of commemorations will also allow historians and first families an opportunity to increase our knowledge about our state. We hope also to look to the future as we honor the benchmark of Arizona's first 100 years as a state.

Please let me know if you would like additional information. The Centennial website is www.azcentennial.gov.

Best,

GladysAnn Wells
