

Arizona LSTA Awards by County

2011 Cochise County

Library	Amerind Foundation, Inc.
Project Name	Amerind Foundation Library Virtual Access
Participants	100
Award Amount	\$36,523.05

Project Summary

The goal of this project is to provide interested researchers with on-line access to the Amerind Library's holdings. Funds will be used to consult with librarian Madelyn Cook, MLS, to purchase computer software to make our catalog available on-line, to support part-time staff who will create the necessary catalog, and to subscribe to the resource sharing services of OCLC. Community members will benefit because they will gain knowledge of the Amerind's holdings without requiring the expense of a personal visit to the Amerind Library's remote rural location.

Library	Cochise County Library District
Project Name	New Technologies
Participants	7,000
Award Amount	\$15,597.00

Project Summary

The goal of this project is to obtain funding for the purchase of new technology for use by library patrons.

Funds will be used to purchase 6 e-readers, 6 mp3 players, 6 laptop computers, gift cards for patrons, and a storage cabinet. Funds will also pay for a technology instructor and for travel to the grant seminar.

Community members will benefit because they will gain knowledge and mastery of new technology, increasing their access to literature, information and employment opportunities.

Library	Elsie S. Hogan Community Library
Project Name	Read Early and Develop (R.E.A.D.)
Participants	960
Award Amount	\$8,923.00

Project Summary

The goal of this project is to promote the importance of early literacy to parents, present the six skills that help children get ready to read, and making it an enjoyable experience for children and parents. Funds will be used to train parents on how to effectively choose reading materials/technologies for their children, augment the library's children's collections, and conduct special programs for parents to learn a variety of methods to interact with their children for school readiness. Community members will benefit because the Willcox community will be made aware that the library is a resource for early literacy information.

Arizona LSTA Awards by County

Library	Huachuca City Public Library
Project Name	It Takes A Village
Participants	350
Award Amount	\$5,000.00

Project Summary

The goal of this project is to provide instructional material to supplement thematic units for the local school district. Funds will be used to purchase material in areas such as history, science, inventors, explorers, technology, etc. Material for age groups K-8 would be included and all teachers would have access to this material. Community members will benefit because their children will be receiving better instruction and also because I firmly believe that we are all responsible for educating our children. School budgets have been cut tremendously and teachers are paying for this type of material out of their own pocket.

2011 Cochise County Award Amount Total	\$66,043.05
---	--------------------

2011 Coconino County

Library	Flagstaff City-Coconino County Public Library
Project Name	Flagstaff, AZ: A Look Back in Time
Participants	416,000
Award Amount	\$12,263.00

Project Summary

The goal of this project is to preserve and provide online access to old volumes (1939-1979) of the Southwest All Indian Pow Wow programs and eight old historic photographs of Flagstaff. In addition, the photos and images from the programs will be made into two traveling displays that will celebrate Flagstaff's role in Arizona's history. Funds will be used to digitize the material, to frame and mat the photographs for permanent display within the library, and to create the traveling displays and promotional material.

Library	Flagstaff City-Coconino County Public Library
Project Name	Surge of Technology
Participants	5,000
Award Amount	\$41,778.00

Project Summary

There is a void in Coconino County Libraries and it needs to be filled by a surge of technology. This would be accomplished in three parts;

- introduce and provide funding for digital downloads of library material to Coconino County Libraries
- provide digital educational programming to the patrons of Flagstaff Libraries
- provide the latest in technology books and other library materials to the community by the funding of a New Technology Library at the Main and Branch Libraries.

Arizona LSTA Awards by County

2011 Coconino County Award Amount Total **\$54,041.00**

2011 Gila County

Library	Gila County Library District
Project Name	We Were There 1912-2012
Participants	52,199
Award Amount	\$24,300.00

Project Summary

The goal of this project is to educate and entertain the people of Gila County of the diverse role Gila County has played in the first hundred years of Arizona. Funds will be used to present centennial programming at each of the eight community libraries within Gila County. A portion of the funds will be used to refresh the Southwest Collections within the public libraries. Community members will benefit by learning about the history of Gila County in an entertaining way. The collections will be revitalized with updated/new materials about the history and culture of the Southwest.

2011 Gila County Award Amount Total **\$24,300.00**

Arizona LSTA Awards by County

2011 Graham County

Library	Safford City-Graham County Library
Project Name	A Dynamic Web Presence
Participants	34,044
Award Amount	\$5,889.00

Project Summary

The goal of this project is to replace the current website with a new and improved website. Funds will be used to employ a contractual programmer to design a website that can be used intuitively by library staff for updates and changes. The vendor will provide us with an information ready, turn-key website into which staff can immediately begin to migrate information. The new website will be easier for users to navigate, more efficient for library staff to manage, will provide up-to-date information on a timely basis and provide a wide variety of services to the citizens of the county.

2011 Graham County Award Amount Total**\$5,889.00**

Arizona LSTA Awards by County

2011 La Paz County

Library	Parker Public Library
Project Name	New Technologies for 2011 and Beyond
Participants	
Award Amount	\$15,780.00

Project Summary

The goal of this project is to provide the citizens of La Paz County and Winter Visitors up-to-date technology.

Funds will be used to purchase print management software, and programming equipment.

Community patrons will benefit because our libraries will have printing for all BTOP1 computers and wireless, our programs will have projectors, screens, and microphones for workshops and power point presentations. Parker Public presently has two laptops that we will give Bouse and Centennial to help with the power point presentations.

2011 La Paz County Award Amount Total	\$15,780.00
--	--------------------

Arizona LSTA Awards by County

2011 Maricopa County

Library	Arizona State University
Project Name	Labriola Center and Inter Tribal Council of Arizona (ITCA): Documenting, Preserving, and Presenting the History of ITCA
Participants	15,992
Award Amount	\$13,197.96

Project Summary

The goal of “Labriola Center and Inter Tribal Council of Arizona (ITCA): Documenting, Preserving, and Presenting the History of ITCA” is to increase the available information on the history of ITCA. Funds will be used to collect and digitize photographs of the history of ITCA, travel to Arizona tribal archives, examine primary and secondary sources in the ITCA library, and create a history of the ITCA web page. Community members will benefit because the history of the Inter Tribal Council of Arizona will be widely available both in the Labriola Center and on a newly created ITCA web page.

Library	Avondale Public Library
Project Name	Write It, Act It, Film It!
Participants	75
Award Amount	\$11,500.00

Project Summary

Winter/ Spring 2012 on Wednesday afternoons, children (9 and up) will create and produce a filmed piece to use online and/or at the library. Through a series of workshops with Theatre Works, participants will learn about writing scripts, costumes, scenery, acting, using cameras and film editing.

Library	Avondale Public Library
Project Name	Avondale Public Library Oral History
Participants	234
Award Amount	\$7,500.00

Project Summary

Avondale Public Library will create a Centennial Experience through an oral history project. The project’s goal is to capture and disseminate historical information to the public. The secondary goal is to build a collection that educates people about the significance of local history. Funds will be used to create a permanent display exhibiting Avondale’s History and to purchase audio-visual equipment to conduct oral history interviews, which will be available to the public. Approximately 234 people will benefit directly from participation in the project’s first year. Qualifying interviews will be added to the collection, providing a historical guide for future years.

Arizona LSTA Awards by County

Library	Buckeye Public Library
Project Name	Computer Basics for Seniors
Participants	200
Award Amount	\$15,904.10

Project Summary

The goal of this project is for the Buckeye Public Library to be the resource for senior community members to acquire new computer skills and enhance existing skills. Funds will be used to purchase 10 laptop computers, software, service agreements, carrying cases and a cabinet to store the computer equipment. Senior community members will benefit from the opportunity to participate in basic computer classes. They will learn to more easily utilize computer technology in their everyday lives. An added benefit will be the mobility of the project and the capability to reach underserved areas of the community.

Library	Chandler Public Library
Project Name	Chandler Centennial Traveling Exhibit
Participants	273,000
Award Amount	\$13,000.00

Project Summary

The City of Chandler celebrates its Centennial along with the State of Arizona in 2012! The goal of this project is to collaborate with Chandler organizations to create and stage a series of traveling exhibit panels as part of Chandler's Centennial celebrations, as well as hosting a Centennial Speakers series of programs at the Chandler libraries; Funds will be used to design and produce a set of twelve six-panel banner displays (and accompanying materials) celebrating the Chandler Centennial; Community members will benefit because of increased exposure and availability of cultural and historical knowledge via exhibits and programs celebrating the Centennial.

Library	Chandler Public Library
Project Name	"Techno Innovations"
Participants	3,720
Award Amount	\$25,000.00

Project Summary

The goal of this project is increased public usage of library resources, specifically online databases and downloadable materials (audio books, e-books), through innovative promotion and training. The Chandler Public Library (CPL) will provide technology workshops at area schools, local businesses, community organizations and all four branches of the library. CPL will produce short (5-7 minute) technology training videos that will be embedded in the new library website. LSTA funds will be used to purchase technical equipment, provide for the services of technical trainers, and for the production of promotional materials. The successful implementation of this project will result in increased awareness, accessibility, and usage of the online library resources by members of the Chandler community.

Arizona LSTA Awards by County

Library	Maricopa County Library District
Project Name	Planning for Tomorrow's Customers
Participants	
Award Amount	\$65,000.00

Project Summary

The goal of this project is to provide a planning project for the Maricopa County Library District staff to gain in-depth, data-driven knowledge about behaviors and usage patterns of District customers in order to develop customer-centric decision making strategies; Funds will be used to retain the professional services of OrangeBoy, Inc. to conduct a three-phase process of customer/market analysis, research, cluster development, and prioritization-- and transform data into knowledge allowing staff to make informed decisions based on research. Community members will benefit because the District's service will meet the changing needs of customers and exceed customer expectations.

Library	Maricopa County Library District
Project Name	eBooks...What's Next?
Participants	200,000
Award Amount	\$25,000.00

Project Summary

The goal of this project is to pilot a new innovative eBook service to expand digital resources available to residents of Maricopa County and to provide training for front-line library staff to teach customers how to download library materials using a new innovative virtual service; Funds will be used to purchase eBooks through the vendor offering the eBook technology that best fits the Library District's needs; Community members will benefit because they would have a new convenient way to access eBooks that would exceed their expectations!

Library	Mesa Public Library
Project Name	Dobson Ranch Early Childhood Development Area Enhancement
Participants	6,047
Award Amount	\$9,525.00

Project Summary

Arizona LSTA Awards by County

Library	Mesa Public Library
Project Name	Community Needs Assessment - Red Mountain
Participants	86,200
Award Amount	\$17,000.00

Project Summary

The goal of this project is to assist in determining what patrons in the Red Mountain Library area really want to see at their library and make the library an inviting and welcoming place. Funds will be used to hire a firm to conduct a community needs assessment, collect and analyze the data and identify the library related needs and expectations which are most important and valuable to the residents of the Red Mountain area.

Community members will benefit because the library will be knowledgeable about the services, programs and materials they most desire.

Library	Mesa Public Library
Project Name	E-Reader Continuing Education
Participants	23,150
Award Amount	\$8,050.00

Project Summary

The goal of this project is to create secure displays of e-readers designed to allow patrons to practice using each device from different manufacturers and make information available on how to download from the library's e-book sources. Funds will be used to purchase all display material, a set of the most current e-readers, security devices, develop and print handouts, and brochure holders. Community members will benefit to being exposed to the differences in e-readers and the ability to practice with them before purchase and exposure to the library's e-books selections.

Library	Peoria Public Library
Project Name	A Family Affair: Working Together
Participants	3,000
Award Amount	\$8,180.30

Project Summary

With grant funds, Peoria Public Library would revitalize and increase use of the existing youth computer area by purchasing colorful safe furnishings. The results would be a more welcoming computer area in the downtown Peoria library.

Arizona LSTA Awards by County

Library	Phoenix Public Library
Project Name	"E-Readers at Phoenix Public Library: Exposing Customers to a New Way of Accessing Information."
Participants	2,975
Award Amount	\$30,000.00

Project Summary

The goal of this project is 1) To provide our customers, particularly those in low income communities, with access to e-readers, 2) To teach said customers how to use e-readers to download and read materials, so that 3) More members of our community understand emerging e-reader technology and have access to Phoenix Public Library's (PPL) e-books and e-audiobooks. Funds will be used to purchase Nook e-readers, protective cases, and extra power cords. Community members will benefit because they will learn how to use this important new technology and will gain better access to PPL's digital collection.

Library	Scottsdale Public Library System
Project Name	Play 2 Learn: Engaging After School Activities
Participants	3,000
Award Amount	\$25,569.00

Project Summary

The project goal is to create engaging activities utilizing 21st Century skills for youth during after school hours providing opportunities for collaborative learning and play and to encourage participation in constructive activities. Funds will be used to supplement existing computer lab equipment, purchase gaming laptop computers and handheld gaming devices, add software and print resources to our collection, and to fund staff training and instructor fees.

Library	Scottsdale Public Library System
Project Name	Learn at your Leisure! Remote Library Learning at Scottsdale Public Library
Participants	3,500
Award Amount	\$19,978.00

Project Summary

The goal of this project is to provide valuable learning skills about Web 2.0 concepts, online safety information, and how-to guides for basic computer and online functions through the use of short videos available in a virtual classroom. Funds will be used to purchase technical equipment and licensing rights for tutorial videos, and to hire a consultant who will provide training to staff for presentations and video editing/creation. Community members will benefit because these topics are becoming increasingly important in day to day life, both professionally and personally, and very few free training resources are available to the public.

Arizona LSTA Awards by County

Library	Scottsdale Public Library System
Project Name	Community Collages: Explore / Share / Keep Our Stories
Participants	26,150
Award Amount	\$49,489.00

Project Summary

The Community Collages Project will create a digital space in which people can interact with historical objects and incorporate their own stories into Scottsdale's history without needing technical expertise. A Community Engagement Facilitator will coordinate activities to introduce the community to this new library experience with events including a kickoff Centennial Celebration, engagement workshops, and a culminating History Expo. Bringing the community and history together in this new way will result in a community with a greater understanding and appreciation for history along with the skills and desire to actively contribute and engage with our dynamic and rich digital collection.

Library	Tempe Public Library
Project Name	Fabulous Arizona, Fantastic Tempe
Participants	2,400
Award Amount	\$10,000.00

Project Summary

The goal of Fabulous Arizona, Fantastic Tempe is to increase Tempe residents' appreciation and understanding of Arizona's history, cultures, art and environment. Funds will be used to present and promote programs for adults and children and to purchase books that will enhance program themes. Community members will be enriched by attending informational and entertaining programs on Arizona and Tempe. Programs will be promoted and presented at the Escalante and North Tempe Multigenerational Centers, Tempe History Museum and the Tempe Public Library to reach a wide and diverse audience of adults and families.

2011 Maricopa County Award Amount Total	\$353,893.36
--	---------------------

2011 Mohave County

Arizona LSTA Awards by County

Library	Mohave County Library District
Project Name	MCLD Advancement in Technology
Participants	41,000
Award Amount	\$7,545.00

Project Summary

The goal of this project is for Mohave County Library in Kingman to provide technological upgrades to our Library Program Room.

Funds will be used to transform our existing space in the Library Program Room to meet current/growing technological needs. Within this space will be a ceiling mount projector unit, flat screen TV, surround sound speakers, wireless microphones, blu-ray DVD Player, interactive gaming console and videoconferencing/webinar capabilities.

Community Members will benefit from the technological improvements because they will be afforded opportunities to develop and utilize new skills while attending expanded programs that encourage personal or professional growth.

2011 Mohave County Award Amount Total	\$7,545.00
--	-------------------

2011 Navajo County

Library	Holbrook Public Library
Project Name	Media Self-check, Self-return and security aka Library "RedBox"
Participants	4,205
Award Amount	\$65,900.00

Project Summary

The goal of this project is to get media materials to Holbrook community members in a timely manner allowing the public to search and hold media items by the method most useful to them --in the library, at home, or on the go. Funds will be used to purchase equipment, much like that of the Red Box video rentals, that provides anti-theft security and operates as a self-check and self-return system for all disc media. Residents of Holbrook will value the library and the recreational opportunities the library provides through easy access to materials.

Arizona LSTA Awards by County

Library	Larson Memorial Public Library
Project Name	Larson Memorial Public Library - Phase III
Participants	55,000
Award Amount	\$14,000.00

Project Summary

The project goal will complete Phase III—Security System Enhancements at Larson Memorial Public Library. Phase III adds a self-checkout station for patron convenience. Funds will be used to purchase a self-check computer station and software for operation. Most of the library's 35,000 item collection is security tagged and available for self-checkout. Community members will benefit because any patron with a library card in good standing will be able to use the self-check station.

Library	Navajo County Library District
Project Name	Calling New Native American Authors - You can get published!
Participants	300
Award Amount	\$5,000.00

Project Summary

The goal of this project is to encourage Native American authorship to increase the amount of popular Native American literature being published. Funds will be used to host a Native American writing workshop for potential Native American authors, featuring successful Native American authors, publishers and literary agents to inspire and demystify the secrets of getting published; Community members will benefit because seeds sown may produce more books, poetry, and magazine articles written by new Native American authors that are relevant to Native Americans and that resonate with their life's experiences. Libraries can thus better serve Native American populations.

Library	Navajo County Library District
Project Name	DVDs Anywhere on PlayAway Views – a Library Exclusive
Participants	6,970
Award Amount	\$2,500.00

Project Summary

The goal of this project is have cutting edge video technology available to our patrons that is also extremely easy to use and available only through libraries, namely PlayAway Views. Funds will be used to have a diverse, entertaining and educational collection of DVDs accessible on the Views; Community members will benefit because young people will have easier access - thanks to their library - anytime and anywhere to visual materials that are in demand without the need for expensive equipment, downloading or Internet access in the home, which can sometimes be barriers in our rural, low-income county.

Arizona LSTA Awards by County

Library	Navajo County Library District
Project Name	Arizona Centennial Open House in Navajo County's Museums and Libraries
Participants	55,000
Award Amount	\$16,770.00

Project Summary

The goal of this project is increase visibility and visits to our cultural institutions during the Centennial and subsequent years, and to expand our libraries' online local history information available about Navajo County and Arizona. Funds will be used to produce an eye-catching, informative brochure about the county's museums and libraries and to create an online local history page with historical photo albums; Community members will benefit because they have easier access to much more local history. Their visits to local museums, libraries, and the online webpage will give them a deeper appreciation of Arizona's history and culture.

2011 Navajo County Award Amount Total	\$104,170.00
--	---------------------

2011 Pima County

Library	Peggy J. Slusser Memorial Philatelic Library
Project Name	Web Redesign
Participants	1,500
Award Amount	\$5,745.00

Project Summary

The goal of this project is to create a web presence that is more welcoming and intuitive than the current one. This will be done by redesigning the existing website and developing a site that will be more user-friendly, while allowing more flexibility. Funds will be used to hire a graphic design web specialist to bring a new, more up to date look to the website, while also increasing functionality. Community members will benefit through easier access to information on the website, including the library catalog, collections on Arizona Memory Project, and finding aids on Arizona Archives Online.

Library	Pima County Public Library
Project Name	Youth Multimedia Curriculum
Participants	344
Award Amount	\$80,000.00

Project Summary

Pima County Public Library (PCPL) will provide multimedia classes and mentoring opportunities with local experts for youth patrons of PCPL to increase 21st Century learning skills in the areas of information, media and technology literacy. Funds will be used to partner with youth and multimedia agencies in Tucson to train mentors, including teen peer mentors, to provide learning opportunities. Community members will benefit by increasing their media literacy, developing positive relationships with mentors in the fields of media and technology, having access and opportunity to create original media, and ultimately increasing their employability, becoming successful, contributing community members.

Arizona LSTA Awards by County

Library	Pima County Public Library
Project Name	Arizona Literary Map
Participants	6,500,000
Award Amount	\$8,277.00

Project Summary

The goal of this project is to create an online literary map that plots books and authors related to Arizona. Funds will be used to pay a web company to create the map, buy a domain name for the map, buy a web server, hire consultants specializing in children's and teens' literature to help populate the map, hold programs around the state, buy books, market the project statewide, and travel to the grant recipient workshop. Community members will benefit by learning more about authors and books related to Arizona and gaining a better understanding of their state during Centennial year.

Library	Pima County Public Library
Project Name	Southwest Book of the Year 2011
Participants	12,000
Award Amount	\$4,000.00

Project Summary

Library	Pima County Public Library
Project Name	Expanding the E-Reader Experience
Participants	30,000
Award Amount	\$30,000.00

Project Summary

The goal of this project is to promote use of our digital books by increasing staff knowledge about the service and increasing the number of titles in our collections. Funds will be used to buy e-books for public use and e-readers for staff training, travel to the grant recipient workshop, and printing the training kit. Community members will benefit because we will have an expanded downloadable collection and staff will be able to help customers use the service and answer technical questions.

2011 Pima County Award Amount Total	\$128,022.00
--	---------------------

2011 Pinal County

Arizona LSTA Awards by County

Library	Ak-Chin Indian Community Library
Project Name	Paperless Reading!
Participants	596
Award Amount	\$8,000.00

Project Summary

The goal of this project is to increase and promote literacy by utilizing the new technology (i.e. eReaders) and creating an “on-demand” library service to patrons. Funds will be used to purchase NOOKs and NOOKbooks from Barnes and Noble. Community members will benefit because they will learn how to use eReaders and book requests can be met if they are available by electronic format.

Library	Ak-Chin Indian Community Library
Project Name	Making Movies at the Library
Participants	28
Award Amount	\$6,093.00

Project Summary

The goal of this project is to teach our tweens and teens about all aspects of movie production. From the creating the original plot to post production work, the youth of Ak-Chin will be part of the whole project and have a finished product that can be streamed virally on the internet and be shown at film festivals. Funds will be used to buy a camera and a computer with video and sound editing software needed for professional film making. Community members will benefit because students will learn movie making skills.

Library	Apache Junction Public Library
Project Name	LINKS (Library Intern's New Keys to Success)
Participants	25,952
Award Amount	\$38,000.00

Project Summary

The goal of this project is to train interns in customer service positions within the Apache Junction Public Library and continue to develop the existing Job Opportunity & Basic Skills (JOBS) Training Center that was established with grant funds in 2010. Grant funds for Library Intern’s New Keys to Success (LINKS) will be used to pay for a full-time consultant to train and oversee the interns and build on the goals of the JOBS grant. The public will benefit from the additional assistance available from trained interns working with library staff to provide excellent customer service to the community.

Arizona LSTA Awards by County

Library	Arizona City Community Library
Project Name	Centennial History Project
Participants	180
Award Amount	\$13,500.00

Project Summary

The goal of this project is to develop a collection of books and photos that tell the history of Santa Cruz Valley – a region of Pinal County spanning from Red Rock to Arizona City. Funds will be used to 1) digitize historical photos with captions and metadata; 2) partner with the Arizona Memory Project to post pictures online; 3) offer presentations to community groups; 4) post a laptop display at the Sunland Visitor Center; 5) expand Southwest Collections at Libraries in Arizona City and Eloy. Community members and visitors will benefit by having a better understanding of the area's history.

Library	Casa Grande Public Library
Project Name	Digital Storytime
Participants	1,800
Award Amount	\$22,877.00

Project Summary

The goal of this project is to introduce families to a growing partnership of early literacy, a love of reading and technology. The emergence of eReaders will make a huge impact on children and how they read and learn about technology. Funds will be used to purchase 20 NOOKcolor™ eReaders and 60 picture eBooks for each NOOKcolor™. Community members will benefit because using an eReader during storytime makes reading books more of a collaborative and interactive affair. It also introduces the technology to families who may not otherwise have the opportunity or means to discover this expanding area of literacy.

Library	Casa Grande Public Library
Project Name	Test Preparation Materials and Programming
Participants	120
Award Amount	\$8,000.00

Project Summary

The goal of this grant is to increase the amount of test preparation materials the library owns, increase the awareness of both the electronic and print test preparation resources, and to make the print materials more accessible by designating a section for “Test Preparation” at each library.

2011 Pinal County Award Amount Total	\$96,470.00
---	--------------------

2011 Yuma County

Arizona LSTA Awards by County

Library	Yuma County Library District
Project Name	Sharing Yuma's Past: Celebrating Arizona's Centennial
Participants	4,504
Award Amount	\$26,675.00

Project Summary

The goal of this project is: Through collaboration between Yuma County Library District (YCLD), Arizona Historical Society-Yuma (AHS-Yuma), and local schools, YCLD will launch a countywide “Sharing Yuma’s Past: Celebrating Arizona’s Centennial” program in February, 2012, incorporating speakers, living history participants, slide shows, virtual data, books/DVDs, and children’s poster contests. Funds will be used to: Pay for collection materials, display cases, supplies, speaker and living history participant fees, travel, virtual data technology requirements, and marketing. Community members will benefit because: They will learn about Arizona’s history, envision its future, and gain a greater sense of community.

2011 Yuma County Award Amount Total	\$26,675.00
--	--------------------
